**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I do not understand the position to limit competition in this sector. Competition improves quality of service and keeps prices for internet affordable. Imagine an America without competition and choices.

In my travels through many parts of the world, I have experienced a far superior internet services . Sadly, our country which is known for it's exceptional technology, lags the rest of the world in internet access.
